EFFECTED ESCAPE

By Administering Drug to the Turnkey and Night Guard.

A Moonshiner Kills Two in Kentucky—White Caps Fired on by Negroes in Ga.

JACKSON, Mich., March 27.—R. Irving Latimor, the matricide, has escaped from the state prison. Latimore got out by getting keys and walking out of the front door of the prison. The keys are missing. Captain Hill in charge of the prison at night, is in jail and it is supposed that Latimore got possession of some powerful drug and administered it to the guard and night keeper. Guard Haight was found dying at 1 o'clock this morning, Latimore having gone an hour before that time. He died at 3 a. m.

R. Irving Latimor who murdered his own mother at Jackson on the night of January 24, [illegible]. The trial lasted twenty days and he was found guilty. He was sentenced to life imprisonment. Latimor's brother died under suspicious circumstances a year previous to the murder. He was heavily insured in favor of his mother and son, and it is believed the son poisoned him.

Maurice T. Gill, night keeper at the prison was the indirect cause of the escape of Irving Latimer. From 11 to [illegible] o'clock he and Latimor lunched together in the hall master's office. It was against the rules for Gill to take a convict out of his cell. Gill has been clearly bamboozled. Latimor, who had been telling that there was $25,000 buried in land in the state of Rhode Island, where Latimor's father lived when Irving was thirteen years old. Gill was taken with this story and had Latimor out at lunch every night to give him details. Gill expected to leave the prison in three weeks. Last night Latimor was giving Gill more ghost stories about the buried treasure. It transpired that Latimor had been in the habit of taking up a cup of chocolate nearly every night to Guard Haight, passing it through a slide in the grating, which Haight took with his midnight lunch. There is no doubt Latimor planned to poison both Haight and Gill, and the chocolate at night was only to gain confidence until he could get some poison. At lunch last night Latimor carried up a glass of lemonade to Haight instead of the chocolate. Haight died in twenty minutes after drinking it. Gill also drank some and was almost instantly attacked with spasms. In a few minutes he came from the guard room above which Haight occupied. It was evident that Haight was sick and needed help. Gill was so sick he could not go. Latimor said. "I will go and whistle for Dr. Mason." "All right; go ahead," replied Gill. Latimor then took the keys, but instead of going for help, unlocked the door of the guard room, passed through the gates and was free. He took the prison keys with him. The exact time he left the prison was 11:55 p. m. When Latimor escaped he had neither coat nor hat and it is believed impossible that he can escape. The prison authorities have offered a reward for Latimor dead or alive, and officers are scouring the country.

The next development in the Latimor escape is the arrest at 11 o'clock this morning of Nightguard E. C. Rice for complicity in the escape. Rice was directly connected with Gill on night duty, and it transpires that he was present when Latimor left the hall-master's office to go above and see what ailed Haight. The supposition is that Rice had knowledge of what Latimor was to do, or that he was criminally careless in allowing Latimor to go through the upper gate. Rice was much confused when questioned and does not say why he allowed Latimor to go out. Nightkeeper Gill thinks that Haight died from heart disease and says he has been suffering from that trouble for some time. He says it was nearly two hours after he had his attack of cramps, dizziness and sickness that he heard Haight fall. He told Latimor to take his keys and unlock the small gate, climb the stairs and see what was the matter with Haight. Latimor had no key on Gill's bunch which would unlock the upper gate to which Haight alone had the keys. To open the big gate, Latimor took a cane from a pile left by the guards at night at the foot of the stairs, reached through the grating and pushed back the lever. Then he took Haight's keys, unlocked the small gate leading down stairs to the front office, and walked out the front door. If Haight was given poison, Gill says, Latimor must have sent it to him an hour or so before he took it, as he did not fall down for nearly two hours after Gill did. Gill acknowledges that Latimor has been making chocolate for Haight and Gill and that Latimor has carried Haight's cup up to him. He also acknowledges the story of the buried treasure.

[illegible], Ky., March 27.—Early yesterday Dick Crowder shot and instantly killed James Mender and wounded John Harp so badly that death resulted a few hours after.

The men were interested in a still which is being conducted on the sly near the ridge known as Big Gulch three miles east of this place, and on Thursday had sold a half barrel of the moonshine whisky. Crowder was the treasurer and after having collected the money for the mountain dew, refused to divide with his partners.

Having become partly intoxicated, he met Harp and Mender and informed them that he did not intend to settle with them. Harp and Mender attempted to take the money from Crowder, when he drew his revolver and commenced firing. Mender was shot through the breast at the first fire and expired almost immediately and in the midst of the fusilade. Harp having commenced firing, Crowder shot Harp in the face, from the effects of which he died a few hours later. Crowder, who is a desperate character, escaped.

FORT VALLEY, Ga., March 27.—White caps attacked the negro quarters at S. H. Bassett's plantation Saturday night and the inmates fled. Mr. Bassett left his house, met the trespassers in the darkness and forbade them to go any farther. The white caps disregarded the order and would have continued their search, when several of the negroes who were concealed near by, opened fire on the intruders and shot two of them dead in their tracks. They were William Hatchett and Marion Bryant. The others fled precipitately. The coroner's verdict was justifiable homicide.

WASHINGTON, March 27.—Theo. G. Arnold was Saturday found guilty of manslaughter, after a trial lasting two weeks, and which developed many sensational and romantic incidents. Arnold was a postoffice employe from Texas, who became infatuated with the wife of John Kramer. Last June he killed Kramer, the evidence going to show that Kramer had threatened his life. In the meantime Mrs. Kramer disappeared but turned up in the course of the trial, having married the detective whom the government had put on her track.

SAN FRANCISCO, March 27.—Governor Markham's approval of the parole bill will release from the two state prisons over 1,000 convicts who have served one year of their first term. Many of the convicts who may be paroled are desperate criminals who have come here from the east.

FORT WHITE, Fla., March 27.—Joe Holloway, John Bell and Seth Calhoun were perhaps fatally wounded late Saturday night. They were returning home from the village when they were fired on by an unknown negro. All three of the men were shot through the body. They are unable to give an intelligible account of the shooting. The town is terribly excited over the affair and the assassin will be lynched if captured.

ST. LOUIS, Mo., March 27.—The month of March will go down in criminal annals in St. Louis as productive of more homicides than any similar length of time has furnished since the frontier days. Thirteen persons have met violent deaths at the hands of fellow beings since the 1st inst. Some of the murders were cold blooded in the extreme, and very few show any semblance to a justifiable homicide. For these thirteen casual offenses the police have in custody ten persons, one murderer is at large, two females are out on bail and in one case the coroner's jury has failed to fasten the crime on any one.

DRUNK ON HIS WEDDING DAY.

After the Ceremony He Drank to Excess and Got Into Jail.

WABASH, March 25.—Saturday a young man named Elonzo Brothers, residing in the country near here, called at the county clerk's office and asked for a marriage license, offering to pay therefor. The clerk declined to issue the license and Elonzo retired in disgust, only to return with the required $2 and obtain legal authorization for the ceremony which was to unite him and Miss Susie Whitmore. The Rev. Charles Little married the couple at the Presbyterian parsonage, and the groom to celebrate the event left his bride shortly after the ceremony and, going down town drank too free and was locked up, where he remains. The young and pretty bride is inconsolate.

HUNTINGTON'S CLERK

Leaves his Place Mysteriously and is Found in Fort Wayne.

HUNTINGTON, Ind., March 27.—Thursday City Clerk William Schwartz [illegible] Ypsilanti, Mich., having suffered greatly from loss of sleep. He [illegible] Fort Wayne and attended a [illegible]. While there he attracted attention by trying to get into a saloon and was recognized. In the morning the Fort Wayne papers stated that a valise found in an alley with linen marked S., was supposed to be his property. Schwartz had been taking chloral and accident or foul play was feared. Friends, who telegraphed to every [illegible] for trace of him. Saturday Schwartz's brother found him visiting in Fort Wayne. He was all right.

Refuses to Sign.

BRISTOL, Conn., March 27.—John McMahon, base ball catcher, refuses to sign a contract with the New York club because the salary offered is too small. Unless the New York club does not come to terms McMahon will go with a southern league. He has received about offers from Savannah, Nashville and New Orleans.

Yesterday evening, between the hour of [illegible] thieves broke into the saloon of [illegible] & Regenauer, at No. [illegible] East Main street, and stole a sack containing [illegible] gold and silver coin. They also [illegible] seventy cents worth of car[illegible]. There is no clue.

The funeral of the late John Wilson will be held Wednesday from the house No. [illegible] street at 1 o'clock. The remains will be sent to New Haven for burial. Services will also be held at that place.

LAKE SHORE CASE.

Messrs. Arthur and Sargent Appear at the Trial

Attorney J. Potter Opens the Argument by a Speech Condemning the Action of the Engineers.

TOLEDO, Ohio, March 27.—The case of the Lake Shore engineers and firemen who refused to handle Ann Arbor freight cars came up for formal argument in the United States court this morning. Both Judge Ricks and Judge Taft presided. The latter announced that the argument would last until 12:30 o'clock and the afternoon would be devoted to the hearing of a motion against the Lake Shore and twelve other lines, restraining them from refusing to interchange traffic with the Ann Arbor road. Mr. Hurd announced that both Chief Arthur and Grand Master Sargent would be present at the afternoon proceedings and would be placed on the stand.

E. Potter, attorney for the Lake Shore, opened the argument. He said:

"Every man in this free country has the right to do as he pleases and say what he pleases, as long as he does not put in jeopardy the life and comfort of others. This is the law of nature and of God. The Brotherhood of Locomotive Engineers, a great body bonded together, in error has, however, been misled as to the proper exercising of their rights. A weed of hasty growth planted in secrecy in darkness when exposed to the pure sunlight, will soon wither and die."

Mr. Potter ran through the history of the case, and continuing, cited numerous cases where the engineers, in exercising what they thought their own rights, were in reality trespassing upon the rights of others.

Mr. Southard, taking up the argument, said among other things: "It became the duty of these men to obey the order of the court. It has not been their intention to disobey it. They have acted in a manner that they thought their perfect right. The position of these men cannot be compared with the positions of those in public offices. Our position is that we had a perfect right to quit the service of the company under the existing circumstances and if there is any legal relief for the company, the only remedy is a suit for damages. It has not been established here by the evidence that these defendants violated any contract. This is not a question of whether or not these men are members of any brotherhood—five of them are not members. Each man testifies that he acted on his own responsibility, and not in compliance with the order of anybody. It is the custom and practice of the railroad company to discharge men at any time or place without notice."

"What is that you say?" interrupted Judge Ricks.

Mr. Southard repeated the statement.

"I don't understand it so," said the judge.

"I hold that it is so," returned Mr. Southard, who then produced certain rules of the road that sustained his argument."

"These men quit before they started out on a trip and left the company's property in safety."

Hon. Frank Hurd, Mr. Southard's associate, in the defense of the men, said in commencing his argument:

"First—That this court had not jurisdiction to issue the order of injunction which these defendants are charged to have violated.

"Second—That the parties attached had no such notice of its issue and contents as to make them liable in contempt for breach of it.

"Third—The act which they are charged to have committed is not violative of the order of the court.

"Fourth—If it were it ought not to be punished as a contempt, because the law heretofore, which the employes would be presumed to know, had always been that courts could not interfere by injunction to compel the performance of contracts for personal services. Such act under these circumstances should have been clearly pointed out in the order and not left to be ascertained by construction. The Lake Shore company has no power to institute proceedings in attachment to prosecute its employes for violation of the injunction obtained for the protection of the rights of the Ann Arbor company. The defendants have sufficiently purged themselves of the contempt charge."

Judge Greene, general counsel of the Lake Shore, summed up the argument. Judge Ricks said he would render a decision in the case tomorrow at 9 o'clock or by 2 o'clock at the latest.

DISCUSSING GRIEVANCES.

The Switchmen on the Gould Southwestern Lines at It.

ST. LOUIS, March 27.—Grand Chief J. E. Wilson, of La Crosse, Wis., and M. W. Barrett, of Kansas City, chief organizer of the Switchmen's Mutual Aid Union of North America together with the general grievance committee of the Gould southwestern lines, are holding a secret meeting here today. The object of the meeting cannot be learned, but it is known that a delegation of [illegible] switchmen are expected here this afternoon to confer with the chief officers. The switchmen now here maintain that local grievances will be discussed at this session.

THREE DROWNED

While Attempting to Cross the Swift Waters of the Ohio River.

MARIETTA, Ohio, March 27.—Three young men were drowned yesterday morning at the dam at the head of [illegible] Island. They were attempting to shoot the swift waters and gone when the boat capsized. They were George Dow, twenty-four years old, Harry Dow, fifteen, and Frank Ackerman, twenty. All were good swimmers and made a heroic effort in the cold, swift waters to save themselves. The Dow boys were the sons of Capt. David Dow.

SAMUEL E. MORSS.

The President Names Him as Consul to Paris.

A Big List of Important Nominations Sent to the Senate, Among Which Are Two Hoosier Postmasters.

WASHINGTON, March 27.—The reports of the majority and of the minority on the contested election case of Lee Mantle, a senator appointed by the governor of Montana, were made to the senate today, Mr. Hoar submitting the report of the majority in favor of seating Mr. Mantle, and Mr. Vance, chairman of the committee, the report against seating.

There are two other cases, those of Mr. Beckwith, appointed by the governor of Wyoming and Mr. Allen, appointed by the governor of Washington. Inasmuch as the facts are the same the test will be made in the case of the senator upon whose credentials the report is made. It is not unlikely that as this is decided so will be the others. Both reports are rather lengthy and quote voluminously from the earlier decisions of the late upon cases dealing with the same question.

WASHINGTON, D. C., March 27.—The president today sent the following nominations to the senate:

Samuel E. Morss, of Indianapolis, to be consul general of the United States at Paris.

C. W. Chancellor, of Maryland, to be consul at Havre.

Allen B. Morse, of Michigan, to be consul at Glasgow.

George F. Parker, of New York, to be consul at Birmingham.

Seaton Norman, of Indiana, to be assistant surgeon in the marine hospital service.

Indiana Postmasters: Henry C. [illegible], Lebanon; Samuel Harris, Franklin.

Felix A. Reeve, of Tennessee, to be solicitor of the treasury.

Wm. H. Seaman, of Wisconsin, to be United States district judge for the eastern district of Wisconsin.

Albert B. Fall, of New Mexico, to be associate justice of the supreme court of the the territory of New Mexico.

To be attorneys of the United States: George J. Dennis, of California, for the southern district of California; Joseph S. James, of Georgia, for the northern district of Georgia; William T. Gary, of Georgia, for the southern district of Georgia.

To be marshals of the United States: Frank Leverett, of Georgia, for the southern district of Georgia; James Blackburn, of Kentucky, for the district of Kentucky; Thomas J. Ellison, of North Carolina, for the western district of North Carolina.

Interior—Samuel E. Fisher, of Massachusetts, to be assistant commissioner of patents. Robert E. Wilson, of Mississippi, to be register of land office at Jackson, Miss.

Francisco Estudillo, of California, to be agent for the Indians of the Mission Tule river (consolidated) agency in California.

[Mr. Morss, who is named as consul to Paris, was born and reared in Fort Wayne and for several years, with W. R. Nelson, conducted THE SENTINEL. In 1880 he went to Kansas, where he and Mr. Nelson established the Star. He remained there about one year when he disposed of his interests in the Star and took an editorial position on the Chicago Times. About four years ago a stock company of which Mr. Morss was a member, purchased the Indianapolis Sentinel and placed him at the head of the editorial department. This paper he has ably conducted ever since. Mr. Morss is a strong and brilliant writer, an experienced journalist, well versed on all the questions of the day, and his appointment is one which will be universally acceptable, for he is well fitted for the important position. Mr. Morss is now at Asheville, N. C.—Ed.]

WILL RESIST ARREST.

The Chinese Have Prepared a Proclamation.

SAN FRANCISCO, March 27.—It is reported here that the Chinese Six companies have prepared a proclamation that will be posted here and sent throughout the coast, urging all their members to resist arrest on May 5, by force of arms. The proclamation declares that such resistance, if general, will create such a sensation among the lovers of fair play in America that the work of deporting Chinese under the provisions of the Geary law will be stopped until the matter can be passed upon by the United States supreme court.

The Chinese here are so ugly over the raids made by the police upon gambling games and Highbinder resorts that a considerable number will be ready to obey this order. If they fortify themselves in their houses it would require the regular army to [illegible] them [illegible] and the work would cause great bloodshed.

Gustave Fox, whose home is at No. [illegible] Main street, met with a serious accident this [illegible] while [illegible] work at the West Main street bridge now being erected. A heavy piece of iron casting fell upon his hand crushing three fingers so badly that one of them will have to be amputated.

A CRUSHING BLOW

Given to the Brazilian Revolutionists by Government Troops.

Three Thousand Men Made Prisoners—The War in South America Believed to Be Near an End.

VALPARAISO, March 27.—General Salgado's defeat by government troops near Alegrete, Rio Grande do Sul, on Thursday was a greater blow to the Brazilian revolutionists than was at first thought. Advices to [illegible] say that General Saraiva was not only beaten badly, but 3,000 of his men were made prisoners. He also lost a large amount of ammunition and arms.

The news from Bage is to the effect that General Tavares is entrenched outside the Castilhos stronghold and is shelling the town from the hills with several large siege guns. No general attack has yet been made upon the garrison. So far as the Castilhistas and federals are concerned they appear to be mainly engaged in avoiding an engagement.

Their marches through the district affected by the revolution have been marked by many outrages. Women appear to have been the chief sufferers from these atrocities. Many homes have been destroyed and women subjected to assaults of the most dastardly character. Stories reach here almost daily of attacks upon women and young girls which are difficult to believe.

Meanwhile it is apparent that war must soon end through the interference of the general government of Brazil. One thousand two hundred troops from the general government reached Rivera yesterday and this makes the number of the national army in Rio Grande Do Sul more than 5,000.

They are well armed and equipped and it will not be possible for the revolutionists to hold out against them very long. It is believed here that Tavares will be met at Bage by a force of national troops large enough to overwhelm him and end the war there.

The correspondent in Montevideo says that armed bands from the Rio Grande have again crossed the border into Uruguay, where shots were exchanged with the Uruguayan troops. There is another ministerial crisis in Argentina and Victoria Romero is expected to resign. The trouble grows out of the consideration of the boundary treaty with Brazil.

SPRECHEN SIE DEUTSCH?

If Not, a Splendid Opportunity Is Afforded to Learn.

Quite a large number of persons interested in the study of German, who read Mr. Theodore Thorward's interview in THE SENTINEL of several days ago in reference to the new method of teaching the language, met that gentleman Saturday afternoon, at the Morton club rooms for the purpose of arranging with him to take instruction in German. Among the number were many of the members of the class of Prof. Leslie Dodge, and as that gentleman concludes his course this week they have signified their intention of continuing with Mr. Thorward. Many also who intend beginning the study were present. Mr. Thorward will use the conversational method in teaching and there is no doubt that he will have a large class. The instructions begin one week from today, and the course will continue for fifty lessons. Those present at the meeting Saturday were quite enthusiastic, and the class will doubtless be a large one. Full particulars will be given from time to time.

The Monday Morning Times, in speaking of Mr. Thorward's ability as an instructor of the German language, says: "As will be seen by an announcement appearing elsewhere Mr. Theodore Thorward will next week commence instructions in German to a class which has already assumed considerable size. He will follow the conversational system so successfully introduced here by Professor Leslie Dodge, who leaves for other fields of labor next week. Mr. Thorward is not a stranger here. He has lived in Fort Wayne for many years and is a highly respected and progressive citizen. The Times knows him to be a gentleman of superior education in both the German and English languages and is as thoroughly competent to impart instruction as any of the teachers of the modern day. To persons desirous of acquiring a knowledge of the German language in the most practical way, the Times has no hesitancy in recommending Mr. Thorward and his method."

The Gazette of the 18th has the following: "Mr. Theodore Thorward, a well known gentleman of the city, contemplates teaching German classes, as can be seen by reference to an announcement printed in another column. The gentleman has had great amount of experience, is thoroughly competent and deserves the utmost success. There is no reason why people desiring to become proficient in German should not do so under the tutelage of Mr. Thorward and he doubtless will have as he deserves, a large class from the very coming beginning."

The Paul Kauvar company stopped at the Aveline hotel and left from here to Columbus, Ohio, where they played last night. Some of the actors strongly objected to [illegible] on Sunday [illegible].

MILLINERY OPENING
Wednesday and Thursday, March 29 and 30. All are Cordially Invited to attend.
MRS. N. B. ROWE,
[illegible]oun St.

TOOK SOLEMN VOWS.

Children Confirmed in the Lutheran Churches Yesterday.

Beautiful and Impressive Ceremonies in Which Nearly Two Hundred Young People Participate.

The services in all the German Lutheran churches of the city yesterday were beautiful and impressive. At each one of them large classes of children took an important step in Christian life and were confirmed in the faith of the church whose doctrines and teachings they have been studying for several years.

Each of the boys and girls who stood before the altars of the different sanctuaries had during the week passed a satisfactory examination and yesterday morning, after having taken solemn vows to lead Christian lives, the beautiful rite of confirmation was administered to them by the pastors, this being done at each service by the officiating minister laying his hand upon the heads of the children one by one, as they stood before him at the altar.

One hundred and eighty two children of this city were thus confirmed at Lutheran churches—eighty two at St. Paul, forty four at Emmanuel, thirty two at Zion and twenty four at St. John. The services were interesting and the congregation at each church was large. The sermons were preached by Rev. Sauer, at St. Paul, Rev. Gross, at Emmanuel, Rev. Jungel, at Zion, and Rev. Dannecker, at St. John, each of them being appropriate to the occasion and especially directed to the children.

THE SENTINEL today publishes the names of the children thus confirmed. Their ages range from thirteen to sixteen. The list is as follows:

ST. PAUL LUTHERAN.

[illegible]

EMMANUEL LUTHERAN.

[illegible]

ZION LUTHERAN.

[illegible]

ST. JOHN'S LUTHERAN.

[illegible]

In the evening at 7:30 o'clock special services were held at all the Lutheran churches and were largely attended. The sermon at the Emmanuel church was preached by Rev. C. Gross, at the St. Paul by Rev. Lindeman, at the Zion by Rev. Jungel, and at the St. John's by Rev. Dannecker. There was a roll call of all persons who had ever been consecrated and at each church it met with a general response.

It was a great day for the Lutherans, who form such a large part of our city's population, and an interesting and impressive occasion for the young people who participated in or witnessed the services.

AN ELEGANT PLAY.

[illegible]

Manager [illegible] has prepared a rich and rare feast for the patrons of the World's Museum this week and for the admission price of ten cents will give a romantic play on the stage that people have heretofore paid seventy five cents, $1 and $1.50 to see at other amusement halls.

The play, "The Mystery of St. Tropez," is now the property of Mr. [illegible], and was produced in this city [illegible] title of "Monbars." It is handsomely staged, acted by a company of good artists and produced with beautiful dresses and fine scenery. [illegible] the leading role. The play is thrilling [illegible]. [illegible] this week [illegible].

[illegible] Indeed, this week's [illegible] will be a great one.

POLICE COURT.

Ernest Shoop Bound Over for Stealing Brass.

The Three Small Boys Arrested Saturday Still Behind the Bars—Other Cases.

The first case called at police court this morning was that of Ernest Shoop, a young man of eighteen who was booked on a charge of larceny. [illegible] Watchman Devlin, of the Wabash railway, testified that last evening about 10 o'clock he caught the young fellow on an engine near the Wabash round house. Shoop was gently plucking the fancy brass works from the engine and had his pockets filled with oil cups, bearings, etc. Watchman Devlin turned the young thief over to Officer Kohler, who brought him up to the station house. The boy pleaded guilty and said that he was drunk. When searched at the station he was found to have a pocket full of keys of all descriptions and is probably a genuine crook. Shoop claims to have been an employe at the Organ factory and says that he lives with his mother and sister on Grand street. His father and mother are separated, the former at present living at Indianapolis, where he is employed at his trade as a cabinet maker. The boy formerly lived at Peru, but for three years he has been in Fort Wayne.

After hearing the evidence His Honor bound the lad over to the circuit court in the sum of $100. He went to jail in default of bond.

Edward Cocault, Arthur Ivey and Edward Hills, the three boys mentioned in Saturday's SENTINEL as being under arrest for larceny, were brought to trial before Mayor Zollinger late Saturday evening. They were bound over in the sum of $100 each and in default of bond were sent to jail, where they now are. The parents of the boys are greatly grieved over the action of the lads.

Owen Sullivan was arrested Saturday evening by Officer Welda for intoxication. Owen was in a bad shape when he took the chair in front of the mayor. He was as nervous as a man with the palsy. Owen was an old soldier and was recently in the home at Marion. He promised to leave town on the first train and was let go.

William Cox was a colored man from Lafayette, who came to town last week and at once got full of bad whisky. Sunday evening he went to sleep in the Fox restaurant and was conveyed to more comfortable quarters on a hard bench at police station. He went to jail on a $10.50 fine.

HIS WIFE LEAVES HIM.

George Roberts Whips Four Men but Loses His Family.

HUNTINGTON, IND., March 27.—A separation of husband and wife in Andrews that had been expected for some time has at last taken place. The parties are George Roberts and wife.

Roberts was formerly a switchman in the Chicago and Erie yards here and lived with his family on Sabine street. They moved to Andrews from here where Roberts was employed on the Wabash.

It was known that Roberts and his wife did not get along well together. A few days ago, so the report says, Roberts went to Logansport, got drunk, whipped four men, and landed in jail.

Mrs. Roberts was in the city this morning, and to a Democrat reporter she said:

"I couldn't stand it any longer so I have shipped my household goods to Fort Wayne and will go there with my two little children this evening to live with my parents."

DYING OF CONSUMPTION.

A Noted Forger Passing Away in a New York Prison.

NEW YORK, March 27.—Stephen C. Broadwell, alias "Tom Hunt," alias "The man with the cough," one of the cleverest forgers of his time, who was arrested here about a month ago on a warrant from Cincinnati charging him with raising checks, is dying of consumption in the prison ward at Bellevue hospital. Broadwell raised three checks for $1,500, $1,000 and $1,800 on the First, Third and Germania National banks of Cincinnati respectively a year ago. Broadwell is sixty-two years old. He was arrested in this city in 1886, having $2,000 of counterfeit Spanish bank notes. For this he got five years in Sing Sing. Since his return he has been operating chiefly in the west.

Monroeville News.

MONROEVILLE, Ind., March 27.—Mr. and Mrs. J. B. Nitzer returned Saturday evening from a trip to Washington and other eastern cities.

M. L. Argo was in town Saturday on business.

Rev. J. M. Haines left today to attend the M. E. conference at Muncie.

Mrs. Geo. [illegible] is very ill. [illegible]

[illegible]

CASUALTIES.

Almeron Emerson's Death Due to an Accident.

A Dangerous Electric Wire—Mrs. E. G. Bursley Breaks Her Wrist—Other Unfortunates.

A week or so ago A. M. Emerson, employed at the [illegible], suffered [illegible] of the same [illegible] until the physicians [illegible] decided to operate on the man this morning. [illegible] he passed away at about 9 o'clock. [illegible] death was blood poison. The deceased was forty-five years of age and leaves a wife and one child, Miss Lottie.

Theodore Johannes, a student at the Concordia college, fell Saturday afternoon and dislocated his right arm. Dr. Dinnen attended.

A young man, son of Mr. Webber, proprietor of the sale and exchange barn, corner of Maiden Lane and Pearl street, is suffering from an aggravated attack of typhoid fever. He is delirious at times and very violent. One day last week, in his delirium, and while the nurse was out of the room, he arose from his bed in a room on the second floor, crawled to the window and jumped out, alighting on the pavement some fifteen or twenty feet below. He was stunned, but suffered no serious injury from his high leap.

Elder Shaver, of this city, while taking exercise at the city Y. M. C. A. on Saturday, badly sprained his wrist. He will be laid up for some time.

Yesterday morning at her home in South Wayne, Mrs. G. E. Bursley had the misfortune to slip and fall, breaking her wrist. She had gone out into the yard and was stooping to pick up the morning paper when she fell, with the unfortunate result.

Andrew Ellison, son of Attorney Ellison, yesterday had the misfortune to fall and severely injure his eye.

About 6 o'clock this morning a guard wire, for the support of the trolly of the electric street railway, broke at the corner of Main and Calhoun streets. It became charged and burned the poles in several places. The street car company very promptly put a guard of men about the wire to prevent any accident. The wire was repaired in a very few moments.

Joseph Clayton, a Pennsylvania brakeman, met with a serious accident at Chicago yesterday noon, which might have terminated fatally. He fell from a box car upon the track, striking upon his head and shoulder. He was badly hurt about the neck and head, and in striking the ground ran a sharp nail into the back part of his head. He was brought to this city on No. 22 and is now at his boarding place at the Hyer boarding house, on the corner of Railroad and Calhoun streets. He will probably be taken to the St. Joe hospital this evening. He is in a serious condition.

Yesterday afternoon a brakeman named Cave, who works for the Pennsylvania company, had the third and index fingers of his right hand mashed while making a coupling in the east yards. Dr. Stemen attended. Amputation was unnecessary.

WHO TOOK IT?

Mysterious Disappearance of a Box Containing $1,500.

NEW YORK, March 27.—Because $1,500 in cash had mysteriously disappeared just before the closing hour, 6 o'clock Saturday evening, in the dry goods establishment of Le Boutillier Bros., in West Twenty-third street, 250 employes of that firm were held for two hours until the heads of the firm and a police officer arrived. It is customary in this house, at the close of the day to place the cash in a large tin box and send it up an elevator to the third floor. On this occasion the young man in charge of the matter avers that he followed the usual procedure but received no signal from the third floor that the box had arrived all right. After waiting ten minutes he went to the receiving office on the third floor, where he was informed that the box had not arrived. The elevator, where the box was said to have been placed, was found to be empty. The doors of the establishment were immediately locked and the clerks, both men and women, were held prisoners while a searching inquiry was begun, which, however, proved fruitless. None of them were searched. When the 250 employes were finally released they were indignant [illegible] at the imputation cast upon each of them. How the box was taken or who the guilty person is, is still a mystery.

BANK FAILURE

The Commercial National Bank Closes Its Doors.

NASHVILLE, Tenn., March 27.—Directly after the Commercial National bank closed its doors today, its affairs were placed in the hands of one of its directors, Mr. E. B. Richardson, pending the arrival of a bank examiner. It is said that the bank had been involved by the recent failure of Dobbins & Dorey. The capital stock of the bank is [illegible] surplus and undivided profits $120,000 and it is stated that even if the [illegible] should be greater there would be no loss to depositors.

MILLINERY OPENING
Wednesday and Thursday, March 29 and 30. All are cordially invited to attend.
MRS. N. B. ROWE,
84 Calhoun St.

[illegible] CO.,
11 and 13 Clay Street, Fort Wayne, Ind.

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED.

As a general family remedy for dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels.

W. J. McElroy, Macon, Ga.

THIS DAY IN THE PAST.

47 B. C.—Ptolemy XIII, the last Greek king of Egypt, flying from the enemy, was drowned in the Nile.
1123—Pope Calixtus III died.
1378—Pope Gregory XI died.
1625—James I of England and VI of Scotland died; born 1566, king of Scotland 1567, of England 1603.
1827—Bishop Edward Stillingfleet, eminent defender of English Protestant Episcopal church, died; born 1635.
1836—327 American-Texans, including Colonel J. W. Fannin, prisoners of war, were massacred at Goliad, Tex., by order of Santa Anna.
1841—Adolphus Washington Greely, arctic explorer, born at Newburyport, Mass.
1869—James Harper, founder of the famous publishing firm, died; born 1795.
1878—The Countess Guiccioli, once noted as the mistress of Lord Byron, later Mme. de Boissy, died at Rome, aged 80. Another famous Pittsburgh Dr. Jenkins [illegible] at Pasco [illegible] for James Dixon, of Connecticut, died at Hartford, aged 79.
1885—Felix O. C. Darley, noted artist, died near Claymont, Del.; born 1822.
1890—A tornado struck Louisville and demolished the city hall and other buildings, but few lives were lost.

TONIGHT.

STEREOPTICON LECTURE—Rev. J. L. Leeper on the Hawaiian Islands at Second Presbyterian church
PROHIBITION CLUB—Regular meeting at the Old Jewish Synagogue
BARBERS' UNION—Regular meeting
WORLD'S MUSEUM—"Monbars" in the Theatre—Gypsy Band Fortune Tellers in the Museum.
FORT WAYNE TURN VEREIN—Foellinger's hall
LODGES—Good Templars: Phoenix lodge No. 101, K. of P.: Fort Wayne lodge No. 14, I. O. O. F.

The observance of the birthday of Thomas Jefferson will be made general throughout the country, April 13, upon the recommendation of the National Association of Democratic clubs.

The Noblesville city council has passed an ordinance requiring the vaccination of all tramps visiting that city whether they need it or not. Why wouldn't it be a good idea to "brand" them?

The meeting of the "306" to be held at Philadelphia on the 25th of April will doubtless be interesting to the participants. Out of the 306 members of the republican national convention of 1880 who voted for Grant, "first, last and all the time," sixty-five have died in the nearly thirteen years which have elapsed. Four fifths of the body yet survive.

Queen Victoria has raised the rank of Sir Julian Pauncefote, her representative in Washington, from that of envoy extraordinary and minister plenipotentiary to that of ambassador. Under the provision of the diplomatic and consular appropriation bill of March 1, 1893, President Cleveland is authorized to confer the same rank upon our representative at London. Sir Julian Pauncefote will be the first minister to Washington to hold the title of ambassador, but it is probable that France, Germany, Russia and Austria will be prompt to follow the example thus set by England and change the titles of their ministers to ambassadors, thus necessitating, by international courtesy, a corresponding change on our part.

Tomorrow evening the city council will act on the saloon license question. Why the license of saloons in the city of Fort Wayne should be lower than other cities we cannot understand. Even the little town of Monroeville, in this county, has a $150 license. The town of Decatur has a $250 license, and most of the small towns around Fort Wayne pay more than we do. In many places the license reaches as high as $1,000. Why should Fort Wayne continue to ask only $100? We hope our city council will consider this matter very carefully and vote tomorrow evening to put the license at $250. This, compared with what saloons in other cities are paying, is very small. The people of Fort Wayne are heartily in favor of this, and they expect the members of the council to cast their votes for the best interests of the city, which they will be doing by voting for the proposed increase.

Holy Week.

Yesterday — Palm Sunday — which commemorates the triumphal entry of Christ into Jerusalem a few days before his death, marked the beginning of holy week, a time specially [illegible] to fasting [illegible] churches. This season has always been observed with great fervor by the Roman Catholic, Episcopal and Lutheran churches while of late years many of the other Christian denominations mark the occasion with special services.

In Rome, holy week is a time of exceptional gayety, visitors from every land flock to the city, and it has become fashionable for American and English parties to be made up for a visit to Rome during holy week.

Next Sunday is Easter. Many of the special days of the Christian church hinge upon the date of Easter. Ash Wednesday is the Wednesday of the seventh week before Easter; Good Friday, the Friday immediately before Easter; Ascension day, Thursday of the sixth week after Easter; Whitsun day the seventh Sunday after Easter and Trinity Sunday, the eighth Sunday after Easter. Good Friday, which is the Friday of this week, is the day of the passion, and has long been observed.

The Inventor of Arbor Day.

President Cleveland has chosen Mr. J. Sterling Morton, of Nebraska, to be secretary of agriculture in his new cabinet, and the fact is interesting inasmuch as Mr. Morton is credited with being the inventor of arbor day. This day, which is now observed by many states of the union, was first adopted in Nebraska in 1872, when Mr. Morton suggested the setting aside of a day to be devoted to tree-planting. One hundred dollars was offered to the agricultural society of the county that should plant the most trees, and a library worth twenty-five dollars was to be given to the person doing the same. In consequence more than 1,000,000 trees were planted on that first arbor day, and since that time it is said that over 350,000,000 trees and shrubs have been set out in Nebraska. April 22 is now observed as a regular holiday in that state, and many other states have adopted a similar holiday to be devoted to the planting of trees and vines. And all those who love the trees and lament the destruction of the forests have to thank Mr. Morton for his thoughtfulness of twenty-one years ago, when Nebraska set the fashion and had the first arbor day.

An electrical journal asks whether someone cannot discover a way to prevent the slipping of street-car wheels, and thus remove a factor of danger in the operation of street cars, especially in winter. The cold and snowy rails are responsible for many of the collisions and other casualties which occur during the winter season. In Scranton, Pa., recently there was a sort of epidemic of collisions for a few days, chargeable entirely to this cause. The motormen claim that the custom of sprinkling salt on the rails to melt the snow and ice thereon is a good one to that extent, but a bad one in that when the salt becomes crushed and pulverized it makes the rails as slippery as before. In the meantime there is the chance of a fortune for the inventor who has the luck to hit at the right remedy.

Some time ago Theresa Pope, a little girl living in Lincoln county, found something resembling an imperfect marble while playing in gravel which was being placed on her father's walk, and gave it to her father to keep for her. Mr. Pope forgot all about the stone until one day he happened to take it from his pocket and exhibited it to a number of men. One of them, a drummer, offered Pope fifty cents for it, which was refused, and the bid was raised to a dollar and a half. Another man standing by offered sixty dollars, but that was also refused. Mr. Pope was convinced he had a valuable stone, and sent it to Philadelphia to be tested if its value was proven. It has now been returned and persons who are judges of the value of pearls pronounce it worth $500.

There is a good deal in life that is interesting, but we have to look for it. Some persons never see the most interesting things simply because they don't know what to look for. They are expecting something wonderful and astonishing, when the fact is that the most interesting things to be seen and known are the most simple and unpretentious. You know how it is with great artists and poets and actors. Their plays are the most natural, their poems the simplest and their pictures the quietest to be found anywhere. It is not the noise, the glare nor the stretch of canvas that charms, but the soul that speaks, that sings, that shines therein.

The floating dock and the typewriter are among the many important inventions that were hit upon by men who have made no attempt to patent their ideas. A photographer conceived the idea of the floating dock before the device was perfected and put to practical use, and a naval officer thought out a practical typewriter, but was persuaded by friends to abandon his invention as a thing that nobody could be induced to use.

Since the great caves of this country were turned into show places a close watch has to be kept on visitors to prevent their excavation of stalactites, "cave acorns," gypsum crystals, and other curious and beautiful formations. Not even the broken stalactites lying about the floor can be appropriated, for these are gathered and sold by the owners or lessees of these holes in the ground.

Tramps who honor the town of Birmingham, Ala., with their presence have a new scheme for securing money. They put caustic on their arms, thus making a sore which presents a terrible appearance when the injured member is bandaged up and the tramp goes on a begging tour. It is said that a death has already occurred from this barbarous scheme.

A Chicago man advocates the building of a fifty-story apartment house, to be called the "Interstate," as the crowning achievement of the world's fair year. It is hardly probable that the building will be put up as the limit to high buildings has been reached in that city.

It is estimated by the Covington Kentucky Record that one hundred and thirty-six of the babies born in Boston and Campbell counties since the first of the year have been named after President Cleveland, Mrs. Cleveland, Baby Ruth or John G. Carlisle.

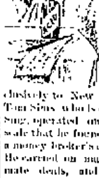
The [illegible] Seattle, Wash., recently adopted a resolution declaring that "the prevailing [illegible] The [illegible] in saloons is not [illegible] as well at [illegible]

THE CHECK RAISER.

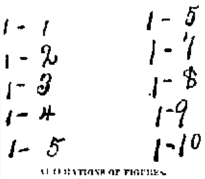
THERE ARE A FEW SAFEGUARDS AGAINST HIM

HOW EXTENSIVE OPERATIONS CAN BE CARRIED ON.

Changing a Check for $150 to $7,800 — Even the Perforations Can Be Tampered With Very Easily and Safely—Ingenuity of Crooks.



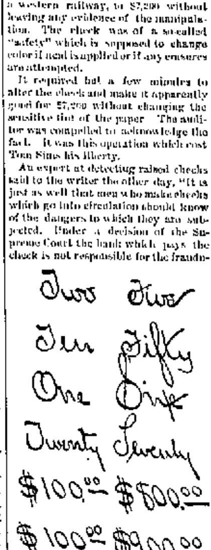
The recent arrest of a gang of professional "check raisers" at Cincinnati has introduced a new form of crime to the police of many sections. Heretofore "check raisers" have confined their operations almost exclusively to New York and Chicago. Tom Sims, who is doing a term in Sing Sing, operated on such an extensive scale that he found it necessary to open a money broker's office in Wall Street. He carried on many extensive legitimate deals, and in this way occasionally came into the possession of checks signed by such men as W. C. Whitney, Henry Clews, etc. A private office off from his main office was used for the "business." When a check would come in for $100 he would quickly change it to any sum ranging up to nine hundred and fifty. The formula will of course interest all. One of the most notable feats he ever performed was to raise a check for $100, issued by the auditor of a western railway, to $7,200 without leaving any evidence of the manipulation. The check was of a so-called "safety" which is supposed to change color if heat is applied or if any erasures are attempted.



ALTERATIONS OF FIGURES.

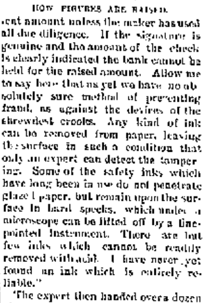
It required but a few minutes to alter the check and make it apparently good for $7,200 without changing the sensitive tint of the paper. The auditor was compelled to acknowledge the fact. It was this operation which cost Tom Sims his liberty.

An expert at detecting raised checks said to the writer the other day, "It is just as well that men who make checks which go into circulation should know of the dangers to which they are subjected. Under a decision of the Supreme Court the bank which pays the check is not responsible for the fraudulent amount unless the maker has used all due diligence. If the signature is genuine and the amount of the check is clearly indicated the bank cannot be held for the raised amount. Allow me to say here that as yet we have no absolutely sure method of preventing fraud, as against the devices of the shrewdest crooks. Any kind of ink can be removed from paper, leaving the surface in such a condition that only an expert can detect the tampering. Some of the safety inks which have long been in use do not penetrate glazed paper, but remain upon the surface in hard specks, which under a microscope can be lifted off by a fine-pointed instrument. There are but few inks which cannot be readily removed with acid. I have never yet found an ink which is entirely reliable."



HOW FIGURES ARE RAISED.

The expert then handed over a dozen checks which were perfectly blank except as to the signatures. All these checks had been regularly filled out for various amounts and had then been readily cleaned off again, so that even under a hand-glass there was no evidence of writing along the lines. Some of the checks were of safety paper and others were filled with tinted parallel lines. On the back of each was a signed statement showing that it had been filled out in ink for a certain amount.



BEFORE AND AFTER.

There is no need of going into the details of how a check is cleaned off. The best and most sensitive "safety" paper is no preventative against fraud. Even when acids are not used, by a few slight erasures words and figures can be readily distorted by a crook who is expert at hand-writing.

It is unfortunate that our written numbers give encouragement to the check-raiser. "Hundred" is easily transformed to "thousand." After the first effect of oil it is possible by careful picking and erasure to smooth out the marks of previous lines. Besides, acid may be applied in such a manner as to suck up ink from the paper without coming in actual contact with the surface.

IN THE CHECK RAISER'S LAIR.

The old practice of embossing or roughening the part of the paper on which the amount has been written does not insure against fraud. The paper can be smoothed down, the writing changed, and then when the paper is roughened again it hides any clumsiness of the forger's work, as the figures are indistinct. Where tinted, sensitive paper is used for checks the "raisers" have been known to bleach the paper to a pure white, clean off everything except the signature and fill in with a fraudulent sum.

It seems as though the professional forgers and check-raisers have been able to meet most of the devices intended to protect the business world. The safety lies in the diligence with which offenders are hunted down rather than the efficiency of the preventive measures. It is true that the perforating of a check with figures preceded and followed by the dollar mark is usually counted a sure protection against tampering. This is not always the case. It was for changing a perforated check for $1258 to $7503 that the Cincinnati gang got "pinched." It was found that they had a process of filling up the punched holes with an adhesive pulp and then punching new figures. When the figures are made up of distinct round holes this could not be done so easily. At the same time, the business world has no certain system of preparing checks which may not be tampered with and fraudulently changed.

KOCH'S DISCOVERY.

A remedy discovered that is of far greater efficacy than the noted lymph.

The *tubercle bacilli* were discovered by Prof. Koch, to be constantly present in all cases of consumption. Where the blood is impoverished or impure, these germs find that constitutional condition known as scrofula, which is characterized by the liability of certain tissues to become the seat of chronic inflammation and enlargement.

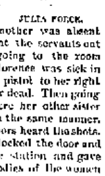
These troubles may start as catarrh in the nasal passages, throat or lungs, and as the membranes become weakened, the tubercle bacilli enter, and multiply, and we have, as a result, that dread disease—consumption.

First a perfect remedy for scrofula, in all its forms—something that purifies the blood, as well as cleanses it. That, if it's taken in time, will cure Consumption. It has been found in Dr. Pierce's Golden Medical Discovery. As a strength restorer, blood cleanser, and flesh builder, nothing like it is known to medical science. For Scrofula, Bronchial, Throat, and Lung affections, Weak Lungs, severe Coughs, and kindred ailments, it's the only remedy so sure that it can be guaranteed. If it doesn't benefit or cure, your money is refunded.

TRAGEDY AT ATLANTA.

A Crime Which Points Out a Possible Moral.

The tragedy at Atlanta a few days ago has created a sensation throughout Georgia, the like of which has not been experienced in many years. Julia Force, the murderess, whose picture is printed herewith, is still held pending expert testimony as to her sanity. Of course she will be declared insane. No right minded person ever commits crime, much less a crime like hers. The two sisters were placed side by side in the Force lot in Atlanta's most aristocratic cemetery. The funeral ceremonies were impressive. The whole city turned out to see the last sad rites over the remains of the victims of their sister's fiendish madness. The crime was committed in the Force mansion. The aged mother of the three sisters had left them at home and was shopping in the city when the tragedy occurred. It is believed the woman is insane. She has been considered irresponsible at times, and has frequently threatened to kill members of her family. She says that she has for a year been writing out a statement of the family trouble and has just completed it.



JULIA FORCE.

Julia, while her mother was absent from the house, sent the servants out on errands, then going to the room where her sister Florence was sick in bed, she placed a pistol to her right temple and shot her dead. Then going to the kitchen, where her other sister was, she shot her in the same manner. None of the neighbors heard the shots. Miss Force calmly locked the door and went to the police station and gave herself up. The bodies of the women were found by a brother, to whom she had sent a message to the effect that her sister Florence was worse. In response he went home to find the bodies of his dead sisters. While the verdict of insanity has already been rendered it will be interesting to know what disposition will be made of the murderess. Does her crime not point a moral? She was 38 years old. Her victims were much younger and thirty.

Crinoline Causes a Riot.

In attempting to introduce the crinoline fad into the rural districts of Baden, Tenn., Mrs. Sanders caused a fight in the church last Sunday. In entering the church her cumbersome skirts brushed against several persons. Andrew Watson made a remark which aggrieved the woman. She informed her husband and a fight ensued, the relatives and friends of both parties engaging in the battle. Women fainted, children screamed and many men emerged with broken and bleeding heads. Several of the fighters are gunning for each other and the crinoline fad is on the decline.

It is, to say the least, wrong for anybody to go to church or public meeting, and disturb the preacher or orator coughing. Use Dr. Bull's Cough Syrup at once.

The Role of the Schoolgirl.

In our Anglo-Saxon social system the young girl is everywhere, and, if the shades of Sterne will allow me to say so, we temper the wind of our realism to the sensitive innocence of the ubiquitous lamb. We like to believe that our women are better than those of foreign nations. We owe it to them to put more faith in them because they are our own—our dear mothers, and wives, and sisters, and daughters—for whom, if we be men, we mean to do all that men can do. But we are all men and women, nevertheless, and human, and we have the thoughts and the understanding of men and women, and not of schoolgirls. And yet the schoolgirl practically decides what we are to hear at the theater and, so far as our own language is concerned, determines to a great extent what we are to read.—Marion Crawford in Forum.

Don't!—If a dealer offers you a bottle of Salvation Oil without labels or wrappers or in a mutilated or defaced package, don't touch it—don't buy it at any price you can rest assured that there is something wrong—it may be a dangerous and worthless counterfeit. Insist upon getting a perfect, unbroken, genuine package. Price 25c.

ENGLISH LADIES' TITLES.

Her Grace to a Duchess, But Ma'am to a Princess.

It is little wonder that foreigners bungle over our titles as they do, says an English paper, when in our own public speeches and newspapers it is often made plain that many do not understand how to use English titles.

For instance a marquis's daughter who married a man without a title keeps the title of "Lady" and her own Christian name and adds to these the husband's surname.

Thus, when Lady Evelyn Fitzmaurice, the daughter of the Marquis of Lansdowne, married Mr. Victor Cavendish last July she became Lady Evelyn Cavendish; but the London dailies spoke of "Lady Victor Cavendish's going away dress."

The only case in which a lady of title is called by her husband's Christian name as well as his surname is in the case of the wives of the younger sons of dukes and marquises. These men bear courtesy titles of "Lord" before their Christian names and surnames, as Lord George Hamilton, Lord Charles Beresford, and so on, and the only correct way of addressing or speaking of their wives is the same way, putting "Lady" in the place of "Lord."

To call the wives of younger sons "Lady Hamilton," "Lady Beresford," or whatever is the surname, without the male Christian name, is as incorrect as to call "Lady Evelyn Cavendish" by her husband's full name.

On the other hand, the wife of a baronet or of a knight is "Lady," with his surname alone after it.

Confusion grows in many minds from the fact that any peeress (under the rank of a duchess) is spoken of, and to, by her equals as merely "Lady" So-and-So—the name added, however, not being the family name, but the title of her husband.

Thus, an equal would say, "I saw the Marchioness of Salisbury," or "There is the Countess of Lathom." It would be "Lady Salisbury" and "Lady Lathom."

A duchess, the highest rank in the peerage, is the only peeress who escapes this equality of title in every-day language of her equals in society. She is never called "Lady" only, but is spoken of as "The Duchess of So-and-So" in full always, and is addressed in conversation by her friends as "Duchess," the name of the peerage not added.

Moreover, every other lady of title, from a knight's wife (which is not a real title) right away up to a marchioness, is equally "My Lady" to her social inferiors.

Sir John Smith's wife is Lady Smith. The wife of Lord John Smith, who is a peer's younger son, is Lady John Smith, and if you know her on terms of equality you may call her Lady Smith. Lady Mary, daughter of either the earl or the marquis or the duke of somewhere, and the wife of Mr. John Smith, is Lady Mary Smith; call her Lady Mary if she seems friendly, but not Lady Smith or Lady John Smith.

The wife of Lord Smith, or the earl or the marquis of Smithville, you may call Lady Smith or Lady Smithville, as the case may be, but if Smithville is a duke, on no account call his wife "Lady Smithville."

If you think that she will snub you as too familiar, you may call her simply "Duchess." You may say "Duchess, may I get you some tea?" for example. But till you know her well, or feel on quite friendly terms, it had better be, "Will your grace take a cup of tea?"

Finally, the oddest thing of all, if fate should make you acquainted with a prince or princess of the blood royal, you will seem very second rate if you keep saying "your royal highness."

You must say "sir" and "ma'am." Not, if you please, "madam," but "ma'am," as your housemaid says to your own meek better half, Mrs. Smith. Even a duchess calls a princess "ma'am." —Chicago Inter Ocean.

COULDN'T SIT DOWN.

Peculiar Predicament of a Watch Smuggler in a Fog.

When watches were subject to duty between those countries a passenger started from Holland to Harwich, England, wearing a curious undergarment crowded with small pockets, in which were stowed one hundred and forty-six watches. This shirt of watches was so arranged that it was impossible for the wearer to sit down; but as the time usually spent on the voyage was not very long this inconvenience did not matter. Unfortunately for him a fog came on and the vessel's progress was stopped.

The fog was obstinate. It would not lift, and the man wandered despairingly about, growing more and more tired each turn. Thirty hours had passed since he had left the Dutch coast and all the time he had remained on his legs. The man who did not sit down became the observed of all on board, and as he wandered hither and thither, longing for the fog to rise, he became conscious that all eyes were turned on him. He thought his smuggling was discovered. He grew alarmed, and still the vessel remained motionless: and like an unquiet spirit he shambled across the deck.

Thirty-six hours from Holland, and still he stood. Forty-two hours went by and the wandering watch-carrier, eyed and wondered at by all, tottered to and fro unable to bend, unable to rest and ready to drop from fatigue. No sign of the fog going—no sign of relief. Twenty-two hours overdue, and still the man glided about in the gloom. At last there came a wind which cleared away the fog, and as the vessel neared the harbor the customs officers came on board.

Catching sight of the man's haggard look and peculiar gait they spoke so sharply to him that his courage gave way, and after declaring his goods in tones of terror he fainted into the officers' arms. He was unclothed, and he left his shirt to be shown at the custom house museum of an unappreciative country.—The Million.

Sloping Shoulders Now in Fashion.

There is no doubt that sloping shoulders are once again asserting their claims to recognition, for the Second Empire bodice is hardly compatible with the square-shouldered ideal. The bodice selected for the illustration is a brocade, showing sprays of honeysuckle bloom on a grayish green ground, and has a decoration of green velvet. The sleeves in this style of gown and that which accompanies it are worn entirely off the shoulder, and are so full and prominent that they have one virtue to recompense their lack of grace, which is that they reduce a 25-inch waist to a circumference of twenty-one inches by contrast. Embroidered and painted dress fronts will be in great request for evening gowns as this mode of the restoration advances. Jewels, even those that would not stand examination by an expert, will be much used in the garniture of the bodice, and long diaphanous scarfs folded over the shoulders and falling to the hem of the gown suggest the long shawls, the graceful wearing of which formed in the old days the test of gentility.—N. Y. Sun.

Only a Promise.

Father—The idea of promising your fiance a house and lot when you were married. Where do you expect to get the money for it?

Son—That doesn't worry me at all; I only promised it.—Des Moines Argonaut.

TWO BIG FOOTMEN.

An Attractive Device of a Florist to Advertise His Place.

Several weeks ago a fashionable florist on Upper Broadway added to the features of the gay thoroughfare two resplendent footmen, says the New York Herald. They immediately attracted much attention because of their great size, magnificent liveries embroidered with gold, and, most of all, their remarkable resemblance. Some one dubbed them "the twins," and in the parlance of the Broadway promenaders they have since been known by that title only. They were hired principally to attract attention to their employers, and in this they have undoubtedly been very successful.

Together they must weigh fully 500 pounds. Each is probably several inches more than six feet tall, and built in proportion. The liveries are calculated to increase their apparent bulk by giving an appearance of extraordinary breadth of shoulders and depth of chest. Except on the occasions when they are opening the doors of customers' carriages they stand about in attitudes suggestive of stage training, and this has given rise to the report that they were formerly "supes" in one of the Kiralfy spectacles. Another rumor has it that they learned to pose in artists' studios. They always appear unconscious of the multitude who stare at and admire them, and their airs of superiority might well be envied by some of the footmen who occupy seats on the carriages of visitors to the florist.

Since the arrival of these big footmen it has been noticed that the footmen employed by other Broadway firms have spruced up, too, and concerns that never had any such employes are now falling into line. The demand for giants for this purpose, if continued, is likely to interfere with the dime museum and circus business. Heretofore the men who have filled these places have received only very moderate salaries, but if the present competition continues they are likely to fare better in that respect. Although negroes are employed for the same purpose in some of the biggest banks and office buildings down town, they are not popular on upper Broadway, where only one firm of prominence has defied the prejudice.

While the duties of the footmen employed by the retail stores are apparently trivial, their lot is by no means pleasant. They must be polite under all circumstances, must always appear well groomed, and must therefore be very careful of their clothes; then they are required to be out-doors in all kinds of weather, and must not stray away, no matter how cold or how hot it may be, or how great the temptation to seek a temporary rest. Visitors are likely to find them very attentive, for they are included in the great army of servants who look for tips.

Their Mothers Were Friends.

Two fair-haired urchins of six or thereabouts were seated in an elevated train one day last week. A stylishly-dressed young lady sat in the opposite seat. Turning to one of the youngsters she remarked:

"What's your name, little boy?"

"Harold, mum," he replied.

"And yours, dear," she asked, addressing the other.

"Oh, my name's Godfrey," said the little fellow, with some show of pride.

"Why, what pretty names!" exclaimed the young lady. "And you look so much alike. You are brothers, of course?"

"Oh, no, mum," spoke up Harold "our mothers is only friends."

Pride in His Pocket.

It was count Montrond who said of Alexander de Girardin of a young man who was beginning to make a brilliant reputation, and whom Girardin did not appreciate: "Hasten to recognize him or he will not recognize you." His valet waited on him one morning most unsuccessfully. He could find none of the toilet articles. Montrond handed them to him, remarking: "You must admit that you are lucky to have me here. Without me, you certainly could not wait on me."—Argonaut.

Cholerine in Pennsylvania.

Swickley, Penn.: We had an epidemic of cholerine, as our physician called it, in this place lately, and it made a great hit with Chamberlain's Colic, Cholera and Diarrhœa Remedy. I sold four dozen bottles of it in one week and have since sold nearly all. This Remedy did the work and is a big advertisement for me. Several persons who had been troubled with diarrhœa for two or three weeks were cured by a few doses of this medicine.

P. P. Knapp, Ph.

25 and 50 cents a bottle, for sale by druggists.

Rheumatism Cured in a Day.

"Mystic Cure" for Rheumatism and Neuralgia radically cures in one to three days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. Seventy-five cents. Sold and guaranteed by C. Fordworth & Co., Druggists, Fort Wayne, Indiana. dec24-d&w

Page's Climax salve is the woman's friend, as no woman will have broken breasts or sore nipples while she uses this salve. Try it.

"A Breezy Time" will hold the boards at the Temple next Wednesday.

"*My Sick Sisters*,

"Let me tell you something.

"I have no motive other than to do you good.

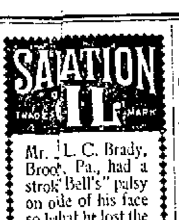
"For years I have been almost a constant sufferer from female trouble in all its dreadful forms; shooting pains all over my body, sick headache, spinal weakness, dizziness, depression, and everything that was horrid. I tried many doctors in different parts of the U. S., but *Lydia E. Pinkham's Vegetable Compound* has done more for me than all the doctors.

"I feel it my duty to tell you these facts that you also may be cured. My heart is full of gratitude to Mrs. Pinkham."—*Mrs. Harriet Wampler, 97 Kasota Block, Minneapolis, Minn.*

MRS. HARRIET WAMPLER

All druggists sell it. Address in confidence, Lydia E. Pinkham Med. Co., Lynn, Mass.

Mrs. Pinkham's Liver Pills, 25 cents.



SALVATION OIL

Mr. L. C. Brady, Brook, Pa., had a stroke of palsy on one of his face so that he lost the use of one side, not being able to shut his eye. He used Salvation Oil and it made a complete cure.

RAILWAYS AND SHOPS.

An Addition to the Electric Light Works a Probability.

A Rumor Concerning the Nubonoing Road That Won't Die—Local and Personal Mention.

An addition to the electric light works is one of the probabilities of the summer. In fact, the question is now under consideration and has been carried to the point of making estimates on the cost of the building and soliciting bids for the machinery to be placed therein. The 300-horse power engine now in use is not equal to the demand for power when it is desired to test large dynamos and run the machinery in the works at the same time, consequently the testing is generally done at night, when the other machinery is idle. This is expensive and to remedy the matter it is proposed to purchase a 600 horse power engine, build a large engine and boiler room south of the rooms now devoted to that purpose and to use the present engine room for a place in which to test dynamos. The business of the Electric Light company has grown wonderfully in the past two years and to keep pace with the trade, machinery and workmen are constantly being added to the operative force.

AN OLD STORY REVIVED.

The rumor that Calvin S. Brice is interested in the Findlay, Fort Wayne and Western road is still going the rounds. Said a gentleman this morning: "I believe the senator is back of the enterprise. Who else would want the road? Operated singly it would not pay expenses. As a branch of the Lake Erie and Western, of which Senator Brice is the head, the new road would be an important line, provided it was continued westward to Rochester, where the Lake Erie has a Chicago connection. With the new road the Lake Erie and Western would present the form of a bow, with one end resting on Sandusky City and the other end on Chicago, and the Findlay, Fort Wayne and Western road would be the string. As matters now stand the Lake Erie road has a long haul between the western and eastern terminals, and the new road would shorten the distance 150 miles."

MINOR MENTION.

William Leach, boilermaker in the Pittsburg shops, is sick and off duty.

John Scully, machinist in the Pittsburg shops, has recovered from a week's sickness.

G. Trarbach has been promoted from assistant flanger to flanger in the Pittsburg boiler shop.

Chairman A. S. Walker, of the Trunk Lines association, was a passenger on Pittsburg train No. 8.

L. Stanford, of the Pittsburg boiler shop, resumed work this morning. His injured foot is nearly well.

Clint Wilson, son of M. S. Wilson, of the electric light works, has gone to Van Wert to visit relatives.

D. F. Crawford, assistant master mechanic of the Pittsburg shops, returned from Altoona and Pittsburg this morning.

Captain J. C. Kensill, who has been ill a week or more, resumed his duties in the Pittsburg boiler shop this morning.

Albert Weber has resigned the position he held in the electric light works. He will go to Wabash to learn the batter's trade.

T. Breakwell, a stenographer, has been transferred from the main office of the Standard Wheel company to the office in this city.

John Brittingham has returned to the city and will resume his position in the Standard wheel works, after an absence of four months.

John Rupp, who had a hand injured, and George Killen, who was sick, returned to their duties in the Pittsburg blacksmith shop this morning.

An order has been received at the Pittsburg car shops to build 100 gondola and 100 box cars as soon as the dairy and furniture cars are out of the way.

Jacob Meyers, the second hand dealer, is preparing to erect another store building on Wallace street, adjoining the building now occupied by himself.

The boilermakers are anticipating a magnificent time at their annual ball, which takes place in Princess rink next Monday evening. It will undoubtedly be well attended.

George Treere, bill clerk at the Wabash freight house, stepped upon a nail Saturday night, inflicting an ugly wound in his foot. He will be unable to work for some time.

The feed steam pipe leading from the boilers to the engine in the Bass machine shop bursted at 6 o'clock this morning, causing a suspension of business in that department until noon.

This morning the blacksmiths in the Pittsburg shops completed order 5,020, which was for frames for six engines. An order for frames for four class X passenger engines was then taken up.

These Pittsburg trainmen who were off duty last week and reported this morning are Engineers P. L. Rayel, F. J. Welch, J. Stewart, E. Bricker, C. C. Ward and T. Quinn; Firemen A. M. Slagle, F. Catter, W. P. McAfee, W. H. Polhamus, M. Miller and J. C. McCarthy.

There will be a meeting of the division superintendents of the Pennsylvania lines in Pittsburg this week. Supt. C. D. Law will attend.

E. A. Ford, general passenger agent of the Pennsylvania lines, who has been on the Pacific coast and in Mexico for six weeks, will return on Thursday.

A boiler for a class X passenger engine was completed in the Pittsburg shops Saturday evening and turned over to the machinist for equipment.

Reinhart Rehling, of the electric light works, is moving his household effects to more commodious quarters today. He is off duty for that purpose.

D. H. Wilbert and J. McIntire, firemen on the Pittsburg road, are off duty, the former on account of sickness and the latter on account of a death in his family.

No. 154, a new engine designed for passenger service by Superintendent John MacKenzie of the Nickel Plate, is in the city, and attracts considerable attention.

The armature winders at the electric light works were compelled to work yesterday on account of not completing Saturday some machinery that was needed today.

Andy Kuhns has taken a position in T. J. Rodabaugh's office at the Pittsburg shops. Michael Hughes, who formerly held the same position, is now an apprentice in the machine department.

When the Nickel Plate puts on its new passenger trains, which will be about the middle of April, Conductors Eugene Dunham and Thomas Harper will be promoted from the freight service.

The change in foremanship at the Nickel Plate round house will take place next Saturday, when James Hartigan, the present foreman, will exchange places with Engineer Ross Germain.

There will be no excursions on any of the Pennsylvania lines east of Pittsburg this summer, excepting to the world's fair and possibly to Atlantic City. All other excursions have been declared off.

Fred L. Webster, formerly an employe of the electric light works, but now of the Atlas engine works, Milwaukee, Wis., is in the city. He may decide to remain here and take charge of the steam plant in the feeble minded institute.

C. E. Betts, formerly cashier of the Fort Wayne branch of the Standard Wheel works, but later manager of the firm's Sidney, Ohio, establishment, is in the city. April 1 Mr. Betts will take a responsible position in the main office of the company at Terre Haute, Ind.

Two new class X engines were turned out of the Pittsburg shops last week. They were Nos. 26 and 270. During the week four engines were repaired and turned out, viz: Nos. 185, 167, 314 and 178. Two were taken in for repairs, Nos. 117 and 903, making ten now in the hands of the machinists.

D. Brocking, a well known plaster, who left here for the west last May in search of health, is en route home and will reach here the latter part of the week. His health was not improved by the change of climate and he comes back in a worse physical condition than he was in when he left. Mr. Brocking's folks live on Wall street.

Master of Transportation J. W. Hunter and Conductor Samuel Moore, of the Grand Rapids road, leased a farm near Geneva some months ago and immediately started to drill for oil. Last Saturday evening the drillers struck Trenton rock and one of the best oil reservoirs in the belt. The well is a gusher and will yield richly.

The machinery is being moved into the new addition of Rhinesmith & Simonson's factory, preparatory to being placed in position. The addition will be occupied by the Anthony Wayne Manufacturing company as a factory for the manufacture of washing machines. The company's output of machines for March will reach the enormous figures of 5,060.

We venture the suggestion to the Pennsylvania and the Wabash companies that a right of way for a double track around the city, upon which to run through freight, would be a very convenient thing to have. The time is coming when these companies cannot haul all their trains through the city. A right of way for a belt line or "cut off" will not cost much at present, but ten years later it will be hard to secure at any price.

"Ho!—Ho!—Harvest!"

A great man once said in speaking of a remarkably fertile spot: "If you tickle it with a hoe, it laughs with a harvest."

This saying is indeed true of North Galveston, for the fruit growing lands of this region yield, in response to cultivation which is mere play compared with the arduous toil of farmers in northern climes, immense crops of pears, plums, figs, strawberries, etc., etc.

These "ripples of merriment" on the part of the rich soil are perennial crops—were never known to fail.

The fortunate fruit growers laugh, too, at their good fortunes; manufacturers who are profiting by the splendid resources and shipping facilities, investors who see their dollars multiply and investors who have found health in this mild and equable clime join in the merry making; and it is withal a laughing, happy, prosperous community.

If you are interested in North Galveston as an investment or a home or both, apply for full particulars to Wm. Miller, No. 5 West Main street, the agent of the town.

THE MARKETS.

ORDER OF TELEGRAPHERS.

Western Railroads Begin a War Against Them.

SIOUX CITY, Iowa, March 27.—The Chicago and Northwestern, the Sioux City and Pacific, and Fremont, Elkhorn and Missouri Valley railroads have begun a war against the Order of Railway Telegraphers. Several months ago a division of the order was established here, as well as at several places along the Elkhorn lines west of here. Since then the men who belong to the order have been quietly dropped out of the service of the road, various reasons being assigned. The men are now convinced that their membership in the order is the reason and the officials tacitly admit it. It is also said that the Western Union company is pursuing the same tactics in this city.

The play of "Paul Kauvar," graphically depicting a romance founded upon scenes and incidents which are supposed to have happened during the exciting and bloody period of the reign of terror in France at the time of the revolution, was produced at the Masonic Temple Saturday afternoon and night. It was thrillingly interesting throughout and was well received. Interest centered around the two principal characters in the play—"Paul Kauvar," enacted by Harrison Wolfe, and "Diane," daughter of Duc de Beaumont, taken by Miss Mildred Holland. Mr. Wolfe displayed marvelous power in his role and Miss Holland won the hearts of the audience by her sweet stage presence and fine emotional acting. The play and the company is a good one, the stage mountings handsome and the costumes beautiful.

A LIVELY EEL.

He Is as Active and Spry as He Is Slippery and Cunning.

Young eels, in passing a river, show the most extraordinary perseverance in overcoming all obstructions. The flood gates—sometimes fifteen feet in height—on the Thames might be supposed to be sufficient to bar the progress of a fish the size of a darning needle. But the young eels have a wholesome idea that nothing can stop them; and, in consequence, nothing does.

Speaking of the way in which they ascend flood gates and other barriers, one writer says: "Those which die stick to the post; others, which got a little higher, meet with the same fate until at last a layer of them is formed which enables the rest to overcome the difficulty of the passage. The mortality resulting from such 'forlorn hopes' greatly helps to account for the difference in the number of young eels on their upward migration, and that of those which return down stream in the autumn. In some places these baby eels are much sought after, and are formed into cakes, which are eaten fried.

"Eels spawn like other fishes. For long, however, the most remarkable theories were held as to their birth. One of the old beliefs was that they sprang from mud; a rival theory held that young eels developed from fragments separated from their parents' bodies by the rubbing against rocks. One old author not only declared that they came from May dew, but gave the following recipe for producing them: 'Cut up two turfs covered with May dew and lay them one upon the other, the grassy sides inward, and then expose them to the heat of the sun. In a few days there will spring from them an infinite quantity of eels.'"

The Old Man's Regret.

Apropos of quaint speeches, they tell me of a well known player, lately called to the far South to attend his father's funeral. Sitting alone after the ceremonies were over, lost in sad musing, to him enter'd an old darky servant. A yearning to say the kind and appropriate thing was in every line of the kind old black face. "Ah, O Mars Charlie," said he, "O Mars Charlie, 'pears like dis is a mighty season fo' yo' pa'!"

For a Brazilian Capital.

A scientific commission is searching over Brazil for the healthiest part of that country. In accordance with the new constitution of the republic the capital must be removed from Rio Janeiro, and the government has appointed a body of scientific gentlemen to select the healthiest geographical site.

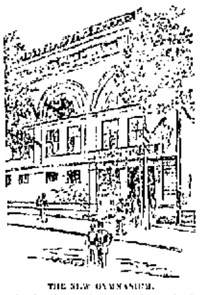
OF COLLEGE SPORTS.

THE PRESIDENT OF YALE ON RECENT CHANGES.

The Triumph of Democracy in the Arrangement of the Different Teams for This Year Looked Upon as a Most Favorable Sign.

YALE DEMOCRACY triumphed, and the cruel, unwarranted absolution of "the few" was summarily crushed at the university athletic meeting on last month. The date would have better suited the action had it been two months later. There has been a most terrible tempest in a teapot under the old elms. With premonitory hiss and sputter the trouble brewed; the old vessel fairly rocked in its awful agitation, then with deafening rattle and clatter off flew the top, and clouds of beautiful white steam escaped—nothing but thin vapor, however, fair to behold. And the result? Why, the pot ceased to boil, and if a wise afterthought had not replaced the top we should have done without our tea this afternoon.

The cause of this bitter cold wave in the "winter of our discontent" was the promulgation by the management of this decree that only students in pursuit of a degree in the undergraduate departments should be eligible for positions on the various athletic teams of the university. The sole object was to strike a blow at the chief root of the semi-professional evil which has of late assumed such disagreeable prominence in college athletics.



THE NEW GYMNASIUM.

The contestants in the first struggle were as unevenly matched in knowledge of the subject as they were in numbers, but in inverse ratio. On the one side were the captains and the managers of the various teams. Certainly none could be better informed as to the needs, or more thoroughly interested in the success of Yale in the field and on the water, and these gentlemen were supported by the advice and enthusiastic approval of every graduate actively and importantly attached to athletic interests. On the other side were a handful of interested agitators in the van; but the opposition gained its strength from men whose suddenly awakened fancies attacked the proposition on the seemingly excellent ground of broad-mindedness and fairness, or from the startled fear that the democratic institutions of Yale were staggering under a dangerous blow—a chasing of the chimeras of theory, fair but deceptive, instead of an acceptance of common sense fact. It was Cleon and Pericles over again—the demagogic tanner, piping democracy, overthrew sagacious management, and Yale seemed to need the defeat that followed his success to bring her to her senses.

Few will deny that the man honestly engaged in professional studies cannot afford the considerable time demanded by rigorous athletic training; and the man not so sincere in his work, who

ALUMNI HALL.

has been tempted by the easy terms of admission to enter the professional departments of the university with the predominant purpose of athletic achievements, is just the element at present endangering college sports in the public eye. Yale has encountered this fact very unpleasantly in both Harvard and Princeton, nor has she herself been untainted.

"The trouble needs the knife, and it is surely better that even a limb should be amputated than that the whole body should mortify. Many grant the necessity for the operation, but question the authority of the surgeon who performed it. None can fail to admit the honesty of their intentions and motives. Folly at first threatened, but wisdom has prevailed, and Yale men have played the wiser part in supporting the action of their athletic leaders for this year, and then promising to effect whatever change of policy seems advisable. By their first action they, in defence of one element of Yale life, the spirit of democracy, shattered another element quite as important—loyalty to their self-appointed chiefs. By this later action they have retrieved themselves.

GEORGE E. UTLEY.

"THE STILL ALARM."

A New York Woman Goes Insane at Stage Realism.

When the name of Mrs. Annie E. Farrell, wife of William Farrell, a veterinary surgeon of New York, was called in the Yorkville Police Court the other afternoon, Judge Meade interrupted Clerk Webb by saying: "It is useless to call. That poor woman unhappily sits crazed by sudden excitement. She will not be here." Mrs. Farrell is now confined at Bloomingdale asylum, having been removed from the insane pavilion at Bellevue Hospital. Her case is hopeless. She became ill, a few years old, a bright son with follows. Mrs. Farrell and her boy attended a matinee at H. R. Jacobs' Third Avenue Theater Feb. 11. They sat near the stage. "The Still Alarm" was being played. Mrs. Farrell was in a critical condition, and when at the climax of the play a fire engine dashed across the stage she sprang from her seat screaming and waved her arms frantically. She greatly startled the audience and when the curtain dropped for the act several ushers tried to lead her from the place. She fought them away, but George Trombaugh, the manager, finally succeeded in getting her to the front of the theater.

Many of the audience had left their seats and crowded about the woman. Willie Farrell had been outside purchasing some peanuts. He returned as his mother was being led to the door and burst in tears. He was told to go to his home and Mrs. Farrell was handed over to Policeman Shortall, who took her to the East Thirty-fifth Street police station. A charge of disorderly conduct and disturbing the peace in the theater was made against her. The boy had no money to pay his car fare and he walked through the rain all the way to his home at Seventy-ninth Street and Third Avenue. He told his father what had happened, and Farrell went direct to the police station. The sergeant would not let him see his wife, but he got Police Capt. Gunner's son to use his influence and was finally admitted to her cell. He got a bondsman for her, but she was in such a state that it was advisable to have medical attendance at once. Dr. Grant Macdonald, of 31 East Sixty-seventh Street, was called, and with his approval she was taken to Bellevue hospital. Dr. Douglass, the examining physician there, pronounced her to be an incurable lunatic.

THE STAGE.

J. H. Gilmore and Lizzie Hudson Collier have joined the Crane company.

Charles H. Hoyt's father is dead.

The Duse has 200 gowns. She will appear in Philadelphia this month at the Academy of Music.

Three directors of the Vaudeville Club of New York have resigned because they were excluded from the stage.

Mr. Booth has no intention of playing again, and it is doubtful if he would be physically able to do so.

"Darkest Russia" is the title of a new romantic play to be produced next season under the personal management of Sidney R. Ellis.

Crane is considering an offer of a theater in New York by capitalists, who merely specify that the comedian shall appear there thirty weeks in the season.

Boston gave a $5,000 benefit to George W. Howard, the old miller in "Adonis." Mr. Howard, who is nearly blind and deaf, made an address of thanks.

SHARPS AND FLATS.

Oscar Hammerstein will probably turn the new Manhattan Opera-house into a big music hall, like the London Alhambra.

Mr. Henry Russell, the composer of "Cheer, Boys, Cheer!" has entered on his eightieth year. He is still in good health and vigor.

Prof. Lewandowski, the reformer of the musical portion of the Jewish religious service, has retired into private life after fifty-nine years of activity.

The Berlin musical critics, not easily nor usually misled, have gone into ecstacies of praise over the first appearance of a new pianist named Rosenthal.

Rose Coghlan, Pauline Hall, Julia Marlowe, Agnes Huntington, Edith Kingdon (Mrs. George Gould), Loie Fuller, Belle Archer and Grace Golden were chorus girls.

The orchestra at the Berlin Opera has lately been changed by the erection of a sounding board behind the seats of the hundred players. It is said to be a great improvement.

AQUATIC.

Brown University has been invited to send a crew to the Chicago Regetta next summer.

The number of candidates for the Harvard Freshman Crew has been reduced to eighteen.

Hanlan and Gaudaur have signed articles to row for the championship of America and $1,000 a side at Toronto, July 22.

Lord Dunraven expects to launch the Valkyrie about the middle of April, and to race her in home waters before starting in July for New York.

Tom Meadham, one of the fastest amateur swimmers in Australia, is credited with swimming 100 yards in one minute at Sidney, recently.

The prospect of an eight-oared shell race between the University of Pennsylvania crew and the cadets of the United States Naval Academy are very promising.

A BULLET BARELY MISSED HIM.

An Incident of Ex-President Hayes' War Experience in West Virginia.

The late President Hayes was at one time the target of a Georgia confederate. It was only by a scratch that his life was saved. The scene was on the Gauley river, in West Virginia, and the Georgian who took aim was Gen. William Phillips, of Marietta, and the time was in 1861. For days General Floyd had been skirmishing with General Cox's Ohio troops at the "Hawks' Nest," a picturesque and majestic monument of rocks rising over a thousand feet from the river road, at a point ten miles below the Gauley.

One fine morning General (then colonel) William Phillips heard the bugle blast near the "Hawks' Nest" across the river, and an Ohio colonel at the head of his regiment rode out into the river a good distance, as the rocks shelved gradually. Colonel Phillips selected a long range rifle from one of his men, and raising his rifle took deliberate aim at the Buckeye soldier. The distance was great, but Phillips was a Daniel Boone, and at the crack of the rifle a piece from the Ohio colonel's high hat fluttered out into the water, and the officer dashed up the bank out of reach.

In 1878 General Phillips was in Washington urging the appointment of General Edwards as United States marshal for Georgia, and during the talk he said something about "Hawks' Nest" in 1861 and his shot at an Ohio colonel.

President Hayes brightened up and inquired into details.

"It was this Ohio colonel," said he, "whose hat was grazed by that bullet."

That night General Phillips was a guest at the White house, and the president and his guest went over the young, romantic days of the war in the Kanawha valley.

BEST OF ALL

To cleanse the system in a gentle and truly beneficial manner, when the Springtime comes, use the true and perfect remedy, Syrup of Figs. One bottle will answer for all the family and costs only 50 cents, the large size $1. Try it and be pleased. Manufactured by the California Fig Syrup Co. only.

Pepsin is nature's own remedy for indigestion. Try Pepsin Rolled Oats. tf

Another Prize Fight.

NEW ORLEANS, La., March 25.—The Bowen-Burke fight at the Olympic club has been fixed for April 5. Cheap prices will rule. The men fight at 135 pounds for a $2,500 purse. Both are nearly fit. Burke is at Carrollton and Bowen is at Mississippi City.

Rheumatism Quickly Cured.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from Mr. James Lambert, of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right today; and would insist on every one who is afflicted with that terrible disease to use Chamberlain's Pain Balm and get well at once." 50 cent bottles for sale by druggists.

Finest Line of Body Brussels Carpets Ever Shown in Fort Wayne.

Body Brussels Carpets seem to increase in popularity each season. We are showing this spring the largest and choicest line of these goods we have ever shown.

Byzantine Rugs.

They do not cost much more than a good Art Square. We have them in all sizes, from a mat to one large enough to cover a whole room.

New Designs in Sideboards and Bookcases.

We have just unpacked some very novel styles of Bookcases and Sideboards. These designs are so attractive that you ought not to think of purchasing without seeing them.

Silk, Lace and Chenille Curtains.

Spring assortment now all in stock. Our line comprises the most attractive styles of both foreign and domestic manufacturers.

ROOT & COMPANY.

A few days ago thieves stole a small amount of money and a few valuables from the south side residence of Father Messman. Saturday evening men were seen loitering about the house and at the approach of Nicholas Roth fled from the yard as fast as their legs could carry them.

A. D. Swartz, who has been a medical student at the Taylor university, is spending his vacation traveling for a Chicago publishing firm. Mr. Swartz will graduate next year.

George Jaap went to Lafayette today to resume work on the new government building at that place. Chris Boeker and William Moellering have the contract for the building and Mr. Jaap has the stone work on a sub-contract. The cost of the building when completed will be $60,000.

On next Friday, as is the usual custom, a collection will be taken up in all the Catholic churches in the world for the preservation of the Catholic relics in the Holy Land.

REASONS WHY YOU SHOULD READ THIS.

Our full line of Boys' and Children's Clothing from such celebrated makers as:

Smith, Gray & Co.,

Dayton & Close,

Peck & Hauchhaus,

Are now on display.

Have you an extra stout boy?

We have clothes to fit him without making any alterations.

Our object is to make you a permanent patron of our Boys and Children's department.

We believe we can do it if we can once bring you to our store and show you the kind of goods we sell and the prices we ask

OUR BOYS' CLOTHES

Are better made than the ordinary.

WE THINK a boy's suit should be as well made as a man's. They ought not only to appear well, but they ought to wear well and fit well. Ours are built on that plan.

They are made to stand the roughest kind of usage—strong silk stitching—buttons firmly sewed and "stay on"—hand-made button holes—Elastic waistbands—Stays firmly placed when needed—Collars worked in—Edges overcast—cloth thoroughly shrunk—clothing thoroughly good because thoroughly well made. We know all about Boys Clothing.

We make it a specialty.

Sam, Pete & Max.

Fort Wayne Sentinel

MONDAY, MARCH 27, 1893

If Persons Desiring THE DAILY SENTINEL served at their homes can secure it by postal card, request, or order through telephone 174. Where delivery is irregular or late, please make immediate complaint to the office.

The Weather.

Washington, March 27.—Forecast till [illegible] Tuesday — For Indiana: Fair [illegible] followed by local showers Tuesday or Tuesday night, southeasterly winds, slightly warmer.

FRESH LOCAL LINES.

The Barbers' union held their regular meeting tonight.

W. F. P. Frizwell, of Indianapolis, spent Sunday in the city.

[illegible] Cox and F. S. Stone, of Battle Creek, Mich., are in the city.

Lewis Uplegger is in Chicago at the bedside of his sick brother, Albert.

Mr. and Mrs. W. A. Bohn, of West Berry street, rejoice in a young son.

Burton E. Colvert spent Sunday with his parents and friends at Delphi, Indiana.

Fred D. Oetting has opened a bottling establishment at No. 212 Fairfield avenue.

Attorney E. V. Emrick is entertaining his brother, Judge J. B. Emrick, of Michigan City.

William Lageman, of Rushaton street has taken a position at Beverforden's drug store.

Mrs. Harry Moritz of West Washington street who has been quite ill for some time, is slowly improving.

J. W. Wright of the Barber Asphalt Co. of Erie, Pa., is in the city at the Arcade. He is well known here.

At a meeting of the Ancient Order of Hibernians yesterday afternoon ninety five new members were initiated.

The first gypsies of the season arrived today and will remain here for a week. They are camped at Geary's museum.

Councilman William Meyer, of the Third ward, is circulating a petition to have West Washington street paved with asphalt.

Otto Gresham was in the city last evening. He was en route from Chicago to Van Wert, Ohio, to attend some business.

Mat Campion, son of John Campion, of the United States mail service is home from an extended visit with relatives in Delphi.

Mrs. William Rahe, of Taber street, was out doors yesterday for the first time in five months. Her restoration to health is now assured.

Thomas Morrison and wife, who were here attending the funeral of the late Patrick Twohy, have returned to their home at Grand Junction, Iowa.

Tomorrow evening will be the last time the city council will meet in the circuit court room. Their new quarters in the city building are very fine.

The Prohibition club holds an interesting meeting at the old Synagogue this evening. Songs and five-minute talks will enliven the occasion. All are invited.

Attorney H. I. Smith is an applicant for deputy United States marshal for this district. A petition signed largely by substantial business men and attorneys was being circulated last week.

A disgraceful prize fight took place yesterday morning at 7:30 o'clock in a barn on Webster street. The contestants were in earnest and slugged each other for seven rounds. Little damage was done.

City Treasurer Sosenheimer is in receipt of some magnificent naval oranges sent him from California by J. H. Coolman, formerly well known in this city. They are from Mr. Coolman's orchard at Covina, Los Angeles county.

A meeting of Typographical union No. 78 will be held Wednesday afternoon at K. of L. hall, at which time a delegate to the forty first annual session of the International union will be elected. The International meets at Chicago in June.

Rev. Leeper will lecture this evening on the Hawaiian islands, illustrating his lecture by eighty superb stereopticon views, among which will be a portrait of the deposed queen, views illustrating the people and their habits of life, and the magnificent tropical scenery.

Two drunken boys did considerable damage on Calhoun street Saturday evening. One of them pushed the other through the plate glass window at Nichol's shoe shop, No. 174 Calhoun street. Trustee Brackenridge owns the building and is the loser. The boys ran and evaded capture.

The Bakers' union met Saturday evening in the Custer house for the election of officers. The following were chosen: Gottlieb Hartman president; Virgil Yold, vice president; Edward Witt, secretary; Gus. Sider, treasurer; Christ. Kreber, financial secretary; Will Jacobs, Andy Vedder, Andrew Gens, trustees.

Manager Geary, of the World's museum, announces a brilliant program for this week. In the curio hall the gypsy band, from Romany Rye, will hold forth, and will tell every caller's fortune free of charge. "[illegible]" a play of sterling interest, will be produced in the theater with Mrs. Geary in a leading part. The play will be handsomely mounted and the costumes beautiful.

A Greenville, Tenn., paper announces the marriage of Jacob H. [illegible] and Miss Susan Hoda. The groom is well known in this city. The marriage ends a little romance which began in Fort Wayne a few months ago. The bride corresponded with [illegible] the [illegible] having become acquainted with him through an ad in a Chicago paper. The young lady came on to this city to be married. She was [illegible] and made the acquaintance of [illegible]. The acquaintance ripened into love and a marriage ended the little romance.

Henry Rubes of Payne, Ohio, is at the Randall.

Mrs. Max Horning of Taber street is quite ill with quinsy.

The Elks hold their annual election of officers at their next meeting.

Mrs. C. B. Drummond and children are visiting relatives and friends in Huntington.

The wife of John E. Snider is lying seriously ill at her home, 175 South Lafayette street.

Gottlieb Hettler has taken out a permit to erect a $50 barn on lot 78, in Lewis' addition.

Mrs. Ed Challenger, of Taber street, who has been quite ill with tonsilitis, is much improved.

Upton T. Schell, of Plymouth, Ind., spent Sunday with his friend, Mary Wessner, in this city.

Ben Walker, of Indianapolis, one of the crack race horse riders in the state, spent Sunday in the city.

Allen Hamilton has taken out a permit to erect a two story brick house on lot 1, in Hamilton's homestead.

Miss Mollie Serbing of Decatur was the guest of her uncle and aunt, Mr. and Mrs. J. H. Frank, over Sunday.

The street car employes held a secret meeting early yesterday morning. They still insist upon an advance in wages.

Charles Castle has taken the position of turnkey at the county jail in place of Henry Hageman, who recently resigned.

Recorder George Fickel is making extensive improvements to his recently purchased West Washington street property.

Peter Stenger will shortly erect a machine repair shop on lot 7, in Ewing's addition. It will be of wood and will cost $150.

Railroad department Y. M. C. A. cottage meeting Tuesday evening at the residence of Harry E. White, No. 81 West Washington street.

Mrs. Stoler, of Cygnet, Ind., who was so badly hurt in the Columbia City wreck, is still at the St. Joe hospital. Her back was severely injured.

Every member of the young ladies' committee is requested to be at the parlors of the Y. M. C. A. tomorrow at 2:30 to complete articles for Easter sale on Saturday.

Rev. A. Crull, of the Concordia college, preached his last sermon at the Church of the Redeemer yesterday. Rev. Meyers, of Garr Creek, the new pastor, will officiate next Sunday.

C. G. Fox, formerly of this city, but late of Chicago, has returned here and taken a position with James Madden, the plumber. Mr. Fox is an expert in his chosen avocation, as our citizens well know.

The Christian Endeavor district convention to be held at Columbia City will convene tomorrow. Among the delegates from this city will be Mrs. John Doulvan, Miss Lena Buel, Mr. Norvil Wright, from the Third Presbyterian church, Miss Stella Mossman and Miss Nellie Buck, from the Plymouth Congregational church, and Mrs. M. A. Brannon, Miss Jennie Cochrane and Mr. J. M. Crowe from the First Presbyterian church.

Mr. Theodore Thorward has secured the right to teach the new Dodge method of learning the German language, which has become so popular in this city, and will hereafter devote his time to instructing classes in it. Mr. Thorward is an experienced teacher, having taught classes in German at Taylor university and at Ann Arbor, Mich., and THE SENTINEL commends him to all those who desire to become conversant with the German. He is a pleasant, capable gentleman and will make a success of his new method of teaching.

The Traveling Men's association met Saturday evening and elected delegates to the state convention of the A. T. P. A. which meets in this city on May 6th. The following were chosen: F. E. Nash, H. V. Root, U. S. Shoaff, George B. Saylor, L. J. Bobilya, E. D. McDonald, T. A. Patterson, George Reiter, F. Stone, Al Copinus, W. T. Mannix, H. Grage, Charles Falk, R. S. Nixon, all of Fort Wayne; F. M. Blount and W. R. Yarnelle, of Wabash. The traveling men expect a large turn out. Terre Haute, it is said, will send 150 men in a body.

MRS. J. ELLEN FOSTER, the political lecturer, is a handsome woman in the early autumn of life; has smooth, bright brown hair, a fair complexion and gray eyes. She is clever as a lecturer and irresistible as a conversationalist.

LADIES!

You are invited to attend my Spring and Summer Opening of Patterns, Hats and Millinery, Wednesday, Thursday and Friday of this week.

MRS. W. MALLOY,
Room 8, Arcade.

No cards.

An Exquisite Display.

Miss Ollie Johnson will give a grand Millinery Opening at 10 Maumee avenue. All are invited to call and inspect a very complete assortment.

OUR GRAND MILLINERY OPENING
Occurs this week,
WEDNESDAY,
Thursday and Friday, March 29, 30 and 31.
A cordial invitation to all.
MERGENTHEIM'S BAZAAR,
N. W. cor. Calhoun and Main Streets. 27-2t

All grades of City Flour at $1.00 [illegible], at Meyer's, 27-2t 26 Calhoun Street.

Use White Loaf Flour.

SOCIETY GOSSIP.

Pretty Card Party in Honor of Miss Hettie Reinhart.

A Surprise Party Tendered Mrs. E. W. McKean—Several Engagements Announced.

Miss Lena Connett is ill with bronchitis.

Miss Ethel Carroll, of Fulton street, is very ill.

Mr. and Mrs. Louis Wolf have returned from New York.

Mrs. E. T. McDonald is spending a few days in Detroit, Mich.

The Misses Baker, of Columbia City, spent a few days in the city last week.

Miss Margaret McPhail is the guest of her brother, at Grand Rapids, for a week.

Mrs. T. R. Pickard, who has been seriously ill all winter, is rapidly recovering.

Mrs. Charles J. McLain and children left Saturday for a week's visit in Wabash, Ind.

Miss Ethel Taylor is spending a few days with her grandparents at Antwerp, Ohio.

Miss Hannah Every and Miss Frank Hamilton left Friday for Chicago for a weeks' visit.

Mr. Fred L. Webster, of Mishawaka, Wis., was the guest of Miss Lena Connett over Sunday.

The Unity club will meet this evening at Mrs. M. V. B. Spencer's home on West Wayne street.

Miss Sophia Diem, the professional nurse, is now making her home with Dr. and Mrs. K. K. Wheelock.

Mrs. A. Wheelock, who has been quite ill, is improving and will leave today for [illegible] to spend two weeks.

Miss Adah Bellamy has returned from Frankfort, Ind., where she was the guest of her sister, Mrs. Howard.

While spending a few days' vacation in this city, Mr. Ben Woodworth was entertaining his friend, Mr. Butler, of Indianapolis.

Miss Edith Boecker, of West DeWald street, has issued invitations for a progressive pedro party to be given Friday evening of this week.

Mr. and Mrs. Herman Tapp very pleasantly entertained friends Saturday evening in honor of their daughter's birthday anniversary.

Mr. and Mrs. S. C. Henderson are entertaining Miss Josephine Moras, the little daughter of Mr. and Mrs. Samuel Moras, of Indianapolis.

The ladies of the Plymouth Congregational church will give a social Friday afternoon at the home of Mrs. R. Hood, at 25 West Lewis street.

A few friends were delightfully entertained at progressive pedro Saturday evening by Mr. and Mrs. J. E. K. France, of South Harrison street.

On Saturday afternoon little Gerra Wheelock delightfully entertained her little friends at her east side home in honor of her birthday anniversary.

The engagement of Miss Emma McElfatrick and Mr. Will Conover has been informally announced. The wedding, it is said, will take place next fall.

Saturday evening, Miss Mary Shoaf entertained the members of the senior class of the Central Grammar school in honor of Ronald Dawson and Fred Hartman, of Purdue university, former members of the class.

The engagement of Mr. Muehaud Reiling, of this city, and Miss Ida Reed, of Jackson, Mich., has been quietly announced. The marriage ceremony will be pronounced next Tuesday evening at the home of the bride's sister, Mrs. H. O. Russell, of No. 10 Ewing street, this city.

Daffodowndilly dinners, with china, satin ribbons and sweets to match, are in vogue now. At one of the prettiest given recently the twenty-four guests were seated at one large round table. The four candelabra were outside of the central mass of yellow blossoms and were massed also in beds of them.

One of the most delightful of card parties was that given last evening in honor of Miss Hettie Reinhart, of Chicago, by Mrs. Max Fisher, of West Wayne street, assisted by her sister, Miss Sarah Jacobson. Progressive euchre was the game played and the prizes were won by Miss Minnie L. Rosenthal and Mr. Isidore Potthitzer. A delicious collation of salads and ices was served at the conclusion of the games. Among those present were:

Misses—
Stella Friend,
[illegible] Hirsch,
Carrie [illegible],
Minnie L. Rosenthal.

Misses—
Minnie E. Rosenthal,
Belle Levy,
Laura Jacobson,
Hettie Reinhart, Chicago.

Messrs.—
[illegible] Lorenz,
Louis Hirsch,
[illegible],
Louis H. [illegible],
Al Freund.

Messrs.—
Joe Freund,
Herman Freiberger,
[illegible],
Moses Rosenthal,
Isidor Potthitzer.

Saturday afternoon Mrs. E. W. McKean was tendered a most agreeable surprise by about forty of her friends. That day was the anniversary of her birth and the ladies not only surprised her, but presented her with a number of handsome presents, among them a willow chair. Fifteen years ago several of the guests who then composed "The Club" celebrated Mrs. McKean's birthday in the same pleasant way. Saturday the club was reorganized and a number of new members initiated and the afternoon was delightfully spent. Among those present were:

Mesdames—
A. M. Henderson,
[illegible]

Mesdames—
[illegible]
W. D. Henderson,
[illegible]

Gonzales' [illegible] great elocutionary oration at the Y. M. C. A. Thursday evening. Secure seats tomorrow morning at 10 o'clock.

Pepsin Rolled Oats, at Meyer's, 27-2t 26 Calhoun Street.

DEATH'S DOINGS.

John Wilson, a Well Known Citizen, Called to His Rest—A Child Dies From Bronchitis.

John Wilson, senior partner of the well known coal firm of John Wilson & Sons, died Saturday evening, about 4 o'clock, at his residence, No. 31 Lavina street. Although a sufferer for a long time with liver complaint, the immediate cause of his death was typhoid fever. He leaves his wife, two sons, John C. and Walter B. Wilson, both of Fort Wayne, and Mrs. Emmet Whitney, living near Monroeville. Mrs. Whitney is a sister of R. B. Rossington, local freight agent of the Pennsylvania company. Deceased resided here more than forty years.

John Wilson was born at Suffolk, England, August 27, 1828. His parents moved to London while he was quite young. His father was a head teacher, surveyor and map maker and was a man of superior ability. At the age of fourteen John was apprenticed but terminating it he worked in a grocery store and later engaged in general merchandise business at Black Friars, London. He emigrated to this country in 1848, settling in Albany, N. Y. He came to Allen county in 1851.

Mr. Wilson embarked in the coal and wood business in April, 1882, in partnership with Edward Gilenatin and R. B. Rossington. A year later he purchased the interests of these gentlemen, and in 1884, his son, Walter was admitted to the business, and in 1885, his son, J. C., became a partner, the firm style now being John Wilson & Sons. Mr. Wilson was married first to Harriet Pryor, who was a native of Hertfordshire. She died in 1876, leaving three children, John C., Walter B. and Mary A., now Mrs. Whitney, and in 1878 he was married to Mary Rossington, also a native of England. The funeral will be held some time on Wednesday.

Lillian Haag, the six-year-old daughter of Mr. and Mrs. Will Haag, of Adrian, Mich., died this morning. The mother of the child will be remembered as Miss Nannie Koegel, formerly of this city. Mrs. Christian Koegel and daughter, Emma, left today to attend the funeral.

Word was received in this city this morning that Mrs. Maria Stauffer, of Berne, Switzerland, died on March 9. She was the mother of Mrs. Jacob Hill and Gottlieb Stauffer, of this city. The deceased was eighty years old. The many people of Fort Wayne who have been her guests while visiting the old world will be sorry to hear of her death.

Beda Irene, the six-year-old daughter of Mr. and Mrs. Henry Bronkhart, died yesterday morning, at 8 o'clock, at her home, No. 24 Wefel street. The little one has been suffering from bronchitis. The funeral will be held Wednesday, at 1 o'clock, from the house.

SPRING 1893.

Call and See the New Spring Styles.

We have the largest line ever brought to the city. Don't fail to see our new goods at moderate prices.

THE COURTS.

Herman Guettner on Trial in the Circuit Court.

The Justices Have No News of an Interesting Character—Legal Briefs.

The case of the state against Herman Guettner on the charge of criminally assaulting Hannah Guettner, a young girl, was begun to a jury in the circuit court this morning.

Guettner will be remembered as the man who when arrested a few weeks ago, had a desperate fight with Sheriff Clausmeier and Officer Hageman. He was, however, landed in jail and has been there ever since.

Hannah Guettner, Dr. Stemen, Mrs. Albrecht and others were examined this morning and at 1 o'clock the examination of witnesses for the defense was begun.

Prosecutor Colerick and Will Ryan are for the state and E. V. Emrick for the defense.

Judge Dawson gave judgment on bond in the injunction case of the Barber Asphalt company vs. J. K. Edgerton et al against Frank Paulus for $27.67.

Joseph M. Frank and Nettie Miller have been licensed to wed.

Judge Dawson has dismissed the divorce case of Salita Schlenker vs. Andrew Schlenker.

The case of Bartels vs. Chamberlain in the superior court has been dismissed. The parties compromised for $500.

An order of sale in the case of Parke vs. McClure for the sale of stock has been issued by Judge Dawson.

John C. Heller has qualified as a notary public.

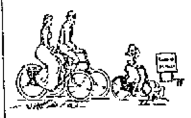
Sarah Philabaum has qualified as guardian of Franklin Philabaum.

Lucinda Hendry has qualified as guardian of the minor heirs of Alanson Hendry.

Mrs. A. R. Seavey has qualified as executrix of the estate of the late Gideon W. Seavey.

The constables made a raid on Tom Clark's place, 102 East Columbia street, and affidavits were filed by James L. Studley, who charged Thomas and Charles Clark, Frank Mette and James Gardner with gambling. These four men were arrested and taken before Justice Wilkinson. Gardner and Mette were fined $16 apiece and the other two cases are pending.

Call for White Loaf Flour.



A Happy Family Affair.

They have no family doctor—invested the cost in bicycles—better than medicine—easier to take. These children's future welfare is assured—they always remember the home circle their Ramblers the chain that binds them to it.

LADIES' COLUMBIAN SUITS.

We are showing a full line of Ladies Eaton and Blazer Suits, beautifully made and trimmed, perfect fitting, at $1.75 $5, $6.75, $8.75, $9.00 and higher.

We shall be pleased to show them to all who are interested, being assured that we are in possession of some of the best values shown anywhere.

Attention is also called to our New Spring Jackets, and our Triple Cape, at $3.63.

We are still selling a few Winter Garments and the saving is so great that as an investment it beats Tri State or any other.

There is no truer saying than that money saved is money earned, and there is no class of goods under the head of real necessaries that are sacrificed to the same unwarrantable extent as Ladies' Cloaks, principally because we have got into the habit, and because there is so much money sunk in them, and it doesn't pay to have money tied up too long in one line of goods.

JOSH BILLINGS'S advice to his daughter was "Ef you kant git both money and klose, git the klose, and buy them at

THE BOSTON STORE,"

New Spring Gloves!
